**Re: Interim Response Action Workplan, Addendum No. 1
Standard Chlorine Chemical Company Site and
Diamond Site
Kearny, New Jersey**

Dear Mr. Kanakis and Mr. Faranca:

On behalf of the Peninsula Restoration Group (the Group), please find enclosed the Interim Response Action Workplan (IRAW), Addendum No. 1 for the Standard Chlorine Chemical Company, Inc. Site and Diamond Site located in Kearny, New Jersey. This IRAW addendum presents proposed modifications to the planned barrier wall alignment, hydraulic control system and DNAPL recovery system components to address potential off-site impacts identified on the adjacent Seaboard Site during the IRAW pre-design investigation.

In accordance with the respective Administrative Consent Orders for the two Sites, four (4) copies of this addendum are provided to Mr. Kanakis on behalf of Standard Chlorine Chemical Co., Inc. (SCCC) and three (3) copies are provided to Mr. Faranca on behalf of Tierra Solutions, Inc. (Tierra). My certification as preparer of the IRAW is included in the front of the document. Also included are certification statements from Margaret W. Kelly, Vice President and General Counsel of SCCC and Mr. David Rabbe, President, of Tierra.

The Group looks forward to continuing to work with the NJDEP to implement the IRAW. If you have any questions regarding this IRAW addendum, please feel free to contact Mr. Gerry Coscia of Langan Engineering and Environmental Services, Inc. (SCC's Technical Representative) at (201) 398-4609 or Mr. Enrique Castro of Tierra at (732) 246-5852.
